## The Location

### *Horse Country Resort in Sardinia*

Overlooking the west coast of Sardinia, Horse Country Resort has always stood out for its proposals of equestrian tourism and represents a real institution in the world of horses.

Immersed in a green oasis with 3 hectares of well-kept gardens, a private beach and a pinewood of more than 50 hectares, a wide variety of itineraries can be enjoyed on horseback in a wild and unspoiled natural environment.

# The Equestrian Centre

## *The kingdom of our horses*

The “Horse Country Riding Center” is just a few steps away from the Resort and offers large space for the maximum well-being and comfort of horses. In addition to the stables with over 100 oversize boxes, there are two racing fields – one in grass outdoor and the other in sand indoor, inside the Palacavallo – the second largest indoor riding school in Europe in terms of size (6,000 square meters and 1,200 seats in the stands) to practice equestrian activities at any time of the year. The Centre also has two sand test fields for western riding, English riding and pony games.

All around are miles and miles of pine forests, eucalyptus forests, high dunes, beaches of fine sand that can be enjoyed on horseback, ancient fishing villages, stretches of water inhabited by pink flamingos and many other animals, uniquely characterizing this wild and authentic part of Sardinia.
